Service Club Collaboration

More developments were reported on the initiative to collaborate the work of service clubs in the St Charles area on several community projects:

1. **Mobile Market:** Hopefully we can finalize holding a 'Mobile Market' at the Harvester Lions Club on Central School Road on a Tuesday afternoon in late October or early November. This could be an excellent kick-off event to build comradery and a sense of purpose.

2. **Blueway Clean-up:** A meeting was held with the St. Charles County Parks Dept and they are "IN" on a Blueway clean up project. Volunteers from service groups would clean up sections of county creeks and waterways in the Dardenne Creek Blueway.

3. **Homelessness:** St. Charles City, the Community Council, a Citizens Task Force, and area non-profits are working together to secure State grant money with the express intent to create additional resources for the Tri-County area homeless.

President Gerry Prinster plans to ask Dan Foust Jr. to speak at a noon meeting to increase our knowledge and interest on this initiative.

Past President Bob Beckman

"Changes" (from the hit tune by David Bowie) are upon us. The new Board of Directors was inducted during our Annual Banquet on September 30th. It was an enjoyable evening with several highlights such as Roger Deppe being presented the Optimist of the Year award and Special Recognition to Ellen Parker and Sharon North. Steve Harker showcased our Club's evolution through the years in a first class music and pictures video that everyone enjoyed.

I believe our Club had exceptional achievements during the 2021-2022 Optimist year. Following two years of Covid restrictions and cancelations, we returned to a nearly normal operation. To do this took dedicated members (and in some cases friends and family) for the events to be successful.

That's not to say we didn't face challenges. Similar to most service clubs, we struggled to increase our membership, and "Father Time" has taken a toll on the endurance of members to support the many events we hold in the community. Reinforcements are essential to our future.

As a possible path forward, the initiative to collaborate the efforts of service clubs in the St. Charles area, where clubs support each other in holding events, is a promising concept and would help clubs such as ours in meeting our Mission.

As I leave office, I see many reasons to be optimistic in 2022-23. But as the "Changes" tune goes, "Time may change me, But I can't trace time." Only through our efforts will our progress continue.

SPEAKERS & RECENT EVENTS

Youth in Need—St. Charles

Rob Muschany, Chief Development Officer of Youth in Need in St. Charles and surrounding counties gave an overview of the programs that YIN makes available to youth who need assistance for shelter, counseling, teen parenting, child abuse/neglect, and other forms of crisis. Rob spent considerable time answering questions and giving insight to the importance of YIN's services. Rob thanked our club for our prior financial donations and looks forward to our continued support.

St Charles School District Foundation

Since 1992, the Foundation for the School District of the City of St. Charles has been sponsoring educational programs that are not being funded with existing tax dollars. Steve Stahl is on the Foundation Board and provided further insight including the process for teachers to submit applications for grants to fund their educational projects, the grant approval process by the Board, sources of funds, and answered member questions. It was an honor to host a legendary coach and educator at our meeting.

School Supplies

Mary Krogmeier did her annual outstanding job as chairperson for the School Supplies project for the 2022-2023 school year. This project involves gathering lists from St. Charles and Orchard Farm schools and diligently using her budgeted funds to purchase many of the supplies requested by teachers. The supplies were delivered to the schools with the help of husband Dean and club volunteers. In addition, Mary was able to assist with providing supplies needed for the St. Charles School District Back to School celebration while staying within her original budget. Great job Mary!!

Back to School & Care to Learn

Club member and guest speaker Dr. Jason Sefrit, Superintendent of the St. Charles School District, shared exciting news on their technological and infrastructure advances, thanks in part to the support of this community. He also shared his plan to tackle the post-COVID challenges, such as shortages of school bus drivers and teachers. Ellen Heitzig, Co-Chapter Liaison of Care to Learn—St. Charles, spoke the following week and gave an overview of the services provided by her organization. Our Club is providing a "Lori's Legacy of Love" sponsorship for the Care to Learn Gala in honor of past club member Lori Wooten. We are proud to continue our partnership with this award winning school district and Care to Learn organization. Website: <https://www.stcharlessd.org>
